

POST INFORMATION

Deputy Catering Manager

Thank you for your interest in the above post, which is required from July 2018.

The Catering Department at Hummersknott Academy provides meals to over 1200 students aged 11 – 16 years daily, including Morning Break and Lunchtime Service. As part of Hummersknott Academy Trust, we also manage Skerne Park Academy Catering Department.

Hummersknott Academy Catering Department is a fast-paced and challenging environment, offering a wide range of meals, cooked on the premises, each day. We maintain very high standards in our quality, range, service and presentation of food.

The Catering team of 11 preparation and food service staff are all trained and qualified up to Level 2 in Food Safety, Hygiene and Controlling Allergens.

We are also responsible for 6 Lunchtime Supervisors.

Skerne Park Catering is a team of 5, a Catering Supervisor and 4 Catering Assistants. We provide support with menus, supplies, training and staff for sickness/shortages etc.

We work closely with Hummersknott Active who are responsible for lettings and activities beyond the school day, providing them with supplies and cooked items for their 'Food Cabin', which is open at weekends and holiday times.

Organisation of internal and external buffets are also part of the role, as is the promotion of our meals service to parents at open evenings and events.
