What is newchoices?

newchoices is the Flexible Benefits Scheme at New College Durham which allows you to choose the make-up of your individual benefits package. **newchoices** allows you to select the benefits that are relevant to your lifestyle and benefit from New College Durham's buying power. In addition, where possible we have structured benefits to be tax and National Insurance efficient.

The scheme runs annually allowing you to make selections throughout June. For 2017/18 the election period will run for a three week period commencing on Monday 5 June 2017 until Friday 23 June 2017. Benefits will then be set for a 12 month period from 1st September 2017. Each year you will be able to renew your benefits relevant to your lifestyle and also enabling you to take advantage of new benefits that may be added to **newchoices** in future years.

newchoices provides you with a number of benefits that you can select. Benefits are available to select at various levels, enabling you to include your partner and/or children where relevant and allowing you to pay for these on a monthly basis directly from your salary.

Who is eligible for newchoices?

Every effort has been made to include as many staff within the scheme as possible. As a result, flexible benefits will be available to all substantive staff and fixed term staff who have a contract for more than 7.4 hours per week (ie. a full day), and who will meet the qualifying salary. If you are not eligible to participate in newchoices, but you are still interested in receiving some of the newchoices benefits please contact the HR department who will be happy to discuss your options.

Benefit Election Period ➡ Mon 5 June - Fri 23 June 2017

Benefits Go Live ➡ 1 September 2017

The launch of the benefit election period will be communicated through an email to all staff.

Your newchoices

As an employee at New College Durham, you now have access to a range of benefits. Please note any elections that were made in 2017/18 will automatically be re-set to zero (ie no benefits selected). If you wish to take these benefits for the forthcoming year you will need to ensure that you logon to your newchoices platform to make your selection. Some of the benefits available to you are operated via salary sacrifice, subject to HMRC approval. This means that an amount is deducted from your salary in exchange for benefits of the same value. Because your pay is reduced, you pay less tax and national insurance. Read on to find out which benefits are tax and National Insurance efficient.

The newchoices scheme includes:

LGPS Members

Where a LGP scheme member foregoes remuneration to purchase additional holidays, there is no longer a requirement for that individual to pay pension contributions on those holidays purchased. This means that anyone in the LGP scheme that purchases additional holidays will have less pensionable pay during the year, which will affect their pension as this is now calculated on Career Average Earnings. However, the individual can choose to apply to pay an Additional Pension Contribution (APC) to cover the amount of pension 'lost' during this period.

Buying Additional Holiday

In addition to your existing annual leave you may wish to buy extra time off. All employees are able to purchase up to three additional weeks of holiday directly from their gross pay.

Holiday is calculated in line with the standard formula used by New College Durham. Before selecting this benefit employees are required to gain authorisation from their line manager to ensure that their department will be able to accommodate the request. All holiday requests will be done in line with college policy.

Your questions answered

Q What is Salary Sacrifice?

A Salary Sacrifice is an agreement whereby your salary is reduced by a given amount in return for New College Durham providing a benefit of equivalent value. The reduction in salary means you pay less tax and National Insurance and actually save money on the cost of the benefit compared to paying from your net pay.

Q When benefits are taken as a reduction of the salary, does this affect other rights based on salary including my pension?

A Although benefits such as Childcare Vouchers, are provided through salary sacrifice, any other rights based on salary will remain unaffected and will be based on your 'Notional Salary' (ie. your salary before salary sacrifice deductions).

Q Will my benefit simply continue if I don't login to the system?

A Your current benefits will all be reset to zero (ie. no benefits selected). If you want your benefits to continue you will need to login to the system and make your benefit selections

Q If I don't opt in, when do I have the next opportunity to join?

A If you do not opt in during the election period, you will have to wait until the next annual enrolment (typically in June each year) to select your benefits, unless you have a life event.

Q Will New College Durham introduce a flexible working scheme?

A The College has already established policies to promote a work life balance which includes a job share policy and flexible working procedures. It seeks to allow individuals some flexibility to respond to urgent domestic issues and will by negotiation (where service permits) allow some flexibility on the start and finish time of staff. The existing contracts of employment for support staff allows for recognition of time accrued.

Q What happens if my dependants are not shown in the newchoices system?

A When a benefit is available to be extended to include any of your dependants you will be prompted to dit your dependant details within the self service function. It is an individual's responsibility to check and maintain these details on a regular basis.

Q How does the Retail Voucher Scheme work?

A Retail Vouchers provide discounts in a variety of UK retail outlets including Boots, Marks and Spencer, Sainsburys etc. Vouchers are available in denominations of £10 for each specified outlet but you only have to pay the discounted rate, eg. a £10 voucher for Argos would only cost you £9.25 as a deduction from your salary (based on a discount of 7.5%).

At the start of the benefit year (01 September) you will be issued with one card per retailer. The card will then be loaded remotely each month with the amount that you have selected to purchase.

Q What happens if I leave?

A If you leave New College Durham all benefit entitlements and cover will cease on the date of termination. However some benefits may have been taken before you leave and if this occurs the company will deduct any outstanding amount from your final salary.*

* assuming tax deduction of 20% and a national insurance deduction of 12%

Life events

You will be able to modify certain benefits during the **newchoices** scheme year if you experience a 'Life Event'.

A 'Life Event' is the term used to describe a significant event in your home or work life. Such events would include marriage, the birth of a child, promotion or military mobilisation. The benefits you are able to change as a result of a Life Event are dependent on the specific event.*

If you experience one of the following Life Events and you wish to make changes to your **newchoices**, please contact the HR department on extensions 4024/4305/4396 or via email at human.resources@newdur.ac.uk.

Once confirmed, an election period will be opened for you to amend your benefits on the 1st of the following month. Any changes you make will take effect from the 1st of the month thereafter.

All new employees to the College will automatically gain access to **newchoices**. New employees will be able to enrol from the 1st of the month following their start date (where practicable). They will then have two weeks to submit their benefit selection in time for their benefits to become effective on the 1st of the following month.
