

## Early Years Practitioners with a difference...

Working with Gemma and her brilliant team, we are looking to recruit 2 new Early Years Practitioners to plan activities, create exciting ways to meet the needs of families with under 5s, and work with families on an individual basis to give children the "very best start."

Ideal candidates are passionate, hard working and dedicated to helping to improve the lives of children and their families?

Salary is £18,070 per annum with working hours Monday to Thursday 9am to 5pm and Friday 9am to 4.30pm.

Main base is Prudhoe Sure Start Children's Centre, with outreach delivery.

As you would expect, we are looking for self motivated and responsible applicants, with good communication skills. You will enjoy working as part of a team, but are equally as happy when you use your own initiative and work independently to manage your commitments.

A level 3 Childcare qualification is essential, as is a good depth of understanding and knowledge of child development, with a focus on early years. Experience of working with parents is a must.

We provide a full induction programme to our innovative approaches and to help you find your feet quickly. We encourage and value your personal and professional development, and you will be joining an enthusiastic, welcoming and committed team who are keen for you to succeed.
