

## **Sacred Heart Catholic High School**

### **Catering Service**

Sacred Heart is a highly successful and oversubscribed School providing outstanding education for girls across Newcastle. The School provides excellence across every aspect of the services it delivers.

Since January 2017 the School transferred its catering service to an in-house provision. This has proved to be hugely popular with its main clientele: 1400 students and 150 staff. In addition to this as a Teaching School, Sacred Heart provides hospitality for many visitors who attend training events.

The School opened a Café in the Sixth Form in 2017 and continues to enjoy great success. The main dining room, has been redeveloped to cope with high volume sales. The School uses a cashless catering system to assist with this. The food is freshly prepared daily by the catering team using local ingredients.

Currently we have 13 very committed, energetic staff who take pride in their work and provide a very high standard of catering for the School and its visitors. The Chef Manager is overall in charge of all catering within Sacred Heart. Currently 10 work within the main dining room / kitchen and 3 within the Café. The team includes: 1 Chef Manager; 2 Catering Supervisors; 1 Cook; 9 Food Service Assistants.
