Head Teacher: Mrs. E. Armstrong

Date: January 2019

Dear Applicant

Thank you for showing interest in the post of Headteacher at Hylton Castle Primary School. Our school was rebuilt in 2016 and the new building has been open for two years – both children and staff are very happy with the new facilities. Following on from a successful OFSTED in February 2017 and excellent academic results year on year we want to appoint a new Headteacher who will continue to take this aspect of the school forward. We are proud of the standard of behaviour, good manners and respect shown by everyone in our school and we expect this to continue and grow in the years to come.

Hylton Castle Primary is a small school with big ideas – we are committed not only to academic excellence but to strengthening links to the local community through our small allotment scheme and to continuing to develop our outdoor space, 'Into the Woods', giving our children a unique learning experience. We foster links abroad through the Erasmus scheme and close links at home through local history projects.

We are looking to appoint a candidate with the experience, confidence and potential to both carry on the good work of the retiring Headteacher and the vision to take the school forward in their own way.

As Chair of Governors I would like to invite potential applicants to come and see our school for yourself on either January 25th or February 1st at either 1pm or 4pm. Please call the school office on 0191 562 3299 to arrange this.

Regards

Caroline Comer

Chair of Governors

Governors and staff are committed to safeguarding and promoting the welfare of children in our care.
