Being the best we can be

June 2021

Dear Colleague

Thank you for your interest in joining our team at Richmond School and Sixth Form College. This is an exciting time in terms of our development and a fantastic opportunity for a keen and talented teacher to help shape our future.

Richmond School and Sixth Form College is an exciting, forward-thinking, inclusive and caring place to work and study.

On visiting, there's an immediate sense that it is more than just a school, it is a community within a community and students, visitors, parents and staff often comment on the special 'buzz' they feel when they are here. It's hard to pinpoint, but it's a combination of many factors that unite to make this such a special place. Dedicated teachers, fabulous facilities, a wonderful heritage, a sense of belonging and incredible students all combine to make the school the exceptional place that it is. Our broad, rich curriculum and extra-curricular provision mean there is a genuine culture of constant improvement and going over and above for the students we teach and anybody appointed to this role would need to be of a similar mind-set.

Students work hard to demonstrate and develop the school's six values - Creativity, Excellence, Independence, Resilience, Respect and Teamwork. Our values are integral to each child's education, both academically and in extra-curricular activities and they underpin everything we do. We encourage our students to apply these values every day. As a result of a positive culture and the rigorous application of our policies, students learn well and behave well. There is a calm atmosphere in the school and students tell us they feel safe and well supported.

I do hope the above inspires you to apply for the post being advertised.

I look forward to reading your application and to welcoming a creative and dynamic colleague to Richmond School. If you would like to know more about the school, please visit our website [richmondschool.net](https://www.richmondschool.net) and our short video <https://www.richmondschool.net/about-us/transition/> which will give you a flavour of the school. ## **Department Details**

A-Level Psychology is a popular A Level choice. There is always at least one teaching group in each of Years 12 and 13, and more often two. Outcomes for students have been consistently in the top 10% as compared to national with regard to progress. Many of our students continue their psychological studies beyond A-level, either via Psychology or in subjects that are likely to have psychological content such as Criminology, Forensic Science, Cognitive Neuroscience, Primary Teaching, Nursing and Sports Science. As a Sixth Form, we are rightly proud of the achievements of the Psychology department.

Psychology is taught exclusively in the Sixth Form building and forms an important part of the Sixth Form offer. The department teaches a two-year AQA course which is assessed via three external examinations.

Paper 1 Introductory Topics in Psychology: social influence, memory, attachment and psychopathology.

- How do parents influence our adult relationships?
- Why do people obey authority, even if that order is to kill another human being?
- Paper 2 Psychology in context: approaches in psychology, biopsychology and research methods.
- Can we explain human behaviour through our Biology or is it a result of the environment that we are exposed to?
- What happens when we go to sleep?
- What happens if we sever the link between the two hemispheres of the brain?
- Paper 3 Issues and options in Psychology: issues and debates, relationships, schizophrenia and forensic Psychology.
- Are we in control of our behaviour?
- Do birds of a feather flock together or do opposites attract?
- How reliable is our current diagnosis of schizophrenia?
- Is there a gene for criminality?
