

# Apprenticeships with Stockton-on-Tees Borough Council

Are you looking for an opportunity to kickstart or change your career?

Stockton-on-Tees Borough Council is recruiting dozens of apprentices across a range of professions with adverts going live on 20 May.

Since the Council launched its annual apprenticeship programme in 2019, which recruited around 40 apprentices, it's regularly been recruiting to apprentice positions, including ICT specialists, plumbers, civil engineer technicians, care workers, HR assistants and electricians.

Apprenticeships help you to gain work experience, knowledge and skills whilst working towards a recognised qualification.

The Council is looking for motivated and enthusiastic people who want to contribute to the success of the local authority by providing first class services for the people of the Borough. Applications from people with all levels of experience who would like to build a successful career with an award-winning Council are welcomed. Anybody over the age of 16 can apply.

All Stockton-on-Tees Borough Council apprentices are paid the national minimum wage for age and are provided with a dedicated mentor. There are also training and development opportunities available. This is in addition to all the usual benefits of employment with the Council including a generous annual leave package of 26 days plus bank holidays, access to mental and physical wellbeing support and the Local Government Pension Scheme.

Keep an eye on the Council's social media platforms, visit [www.stockton.gov.uk/apprenticeships](http://www.stockton.gov.uk/apprenticeships) or pop by to see us at the Employment and Training Hub in Wellington Square on 26 or 31 May for full details of the apprenticeship opportunities on offer.

## Come and talk to us

Come along to one of our open recruitment events at The Employment and Training Hub in Wellington Square in Stockton to find out more.

**Thursday 26 May 2022, 10.30am – 3.30pm**

**Tuesday 31 May 2022, 10.30am – 3.30pm**

Council staff and local training providers will be there to talk to you about the opportunities we have and explain a little more about the qualifications available.
