

Newchoices

The Flexible Benefits scheme from
New College Durham 2022/23

**CREATE A BENEFITS PACKAGE
AS INDIVIDUAL AS YOU**

Welcome

This is the sixteenth year of newchoices and the College continues to evolve its benefit offer. This year's scheme is packed full of benefits and discounts to be enjoyed by staff at the College including Retail Vouchers, Nissan Car Scheme, Tusker Car Scheme and Holiday Buy, offering exclusive discounts for our staff and in some cases extending the benefits to immediate families.

This year we are pleased to announce two significant developments in the scheme, which have evolved as a result of the feedback we have received from staff via the recent staff surveys (so thank you to all who contributed to these).

The recent Well-being survey highlighted a number of suggestions about access to the College gym and noted the significant benefit such access would have to staffs mental health and well-being. To encourage such access we are offering via newchoices all New College Durham staff the opportunity for College gym membership at a cost of £25 for the year (as opposed to the current price of £192 per year). The feedback we have had from the aforementioned surveys is that staff would welcome such a move in support of their mental health and well-being. There are many other measures being undertaken in response to the staff survey feedback we have received and where it is possible we will shape newchoices to aid in these responses.

By the same token staff have highlighted a keen focus on supporting the College in its sustainability efforts, hence in this years newchoices scheme we are pleased to announce the launch of a scheme to provide staff an opportunity to register interest in a College computer recycling scheme which will allow the college to continue to enhance its sustainability credentials whilst proving staff opportunities to receive (free of charge) PCs/laptops which are being replaced by the College. Details of the scheme and how to register interest is detailed on the attached.

Whether you've been with us for the whole 16 years and not yet found something that's right for you or you're a new member of staff at the College we are always open to feedback, please send us your suggestions for ways the scheme could be made better.

We're proud of our offer of a flexible remuneration package and will continue to look at further developments to respond to staff feedback.

What is newchoices?

newchoices is the Flexible Benefits Scheme at New College Durham which allows you to choose the make-up of your individual benefits package. newchoices allows you to select the benefits that are relevant to your lifestyle and benefit from New College Durham's buying power. In addition, where possible we have structured benefits to be tax and National Insurance efficient.

The scheme runs annually allowing you to make selections throughout June. For 2022/23 the election period will run for a three week period commencing on Tuesday 14 June 2022 until Friday 1 July 2022. Benefits will then be set for a 12 month period from 1st September 2022. Each year you will be able to renew your benefits relevant to your lifestyle and also enabling you to take advantage of new benefits that may be added to newchoices in future years.

newchoices provides you with a number of benefits that you can select. Benefits are available to select at various levels, enabling you to include your partner and/or children where relevant and allowing you to pay for these on a monthly basis directly from your salary.

Who is eligible for newchoices?

Every effort has been made to include as many staff within the scheme as possible. As a result, flexible benefits will be available to all substantive staff and fixed term staff who have a contract for more than 7.4 hours per week (ie. a full day), and who will meet the qualifying salary. If you are not eligible to participate in newchoices, but you are still interested in receiving some of the newchoices benefits please contact the HR department who will be happy to discuss your options.

Your newchoices

As an employee at New College Durham, you now have access to a range of benefits. Please note any elections that were made in 2022/23 will automatically be re-set to zero (ie no benefits selected). If you wish to take these benefits for the forthcoming year you will need to ensure that you notify HR accordingly using the agreed form. Some of the benefits available to you are operated via salary sacrifice, subject to HMRC approval. This means that an amount is deducted from your salary in exchange for benefits of the same value. Because your pay is reduced, you pay less tax and national insurance. Read on to find out which benefits are tax and National Insurance efficient.

LGPS MEMBERS

Where a LGP scheme member foregoes remuneration to purchase additional holidays, there is no longer a requirement for that individual to pay pension contributions on those holidays purchased. This means that anyone in the LGP scheme that purchases additional holidays will have less pensionable pay during the year, which will affect their pension as this is now calculated on Career Average Earnings. However, the individual can choose to apply to pay an Additional Pension Contribution (APC) to cover the amount of pension 'lost' during this period.

Buying Additional Holiday

In addition to your existing annual leave you may wish to buy extra time off. All employees are able to purchase up to three additional weeks of holiday directly from their gross pay.

Holiday is calculated in line with the standard formula used by New College Durham. Before selecting this benefit employees are required to gain authorisation from their line manager to ensure that their department will be able to accommodate the request. All holiday requests will be done in line with college policy.

The majority of benefits provided through newchoices are purchased via net pay and consequently have no further tax or NI liability. Your questions answered

Q What is Salary Sacrifice?

A Salary Sacrifice is an agreement whereby your salary is reduced by a given amount in return for New College Durham providing a benefit of equivalent value. The reduction in salary means you pay less tax and National Insurance and actually save money on the cost of the benefit compared to paying from your net pay.

Q When benefits are taken as a reduction of the salary, does this affect other rights based on salary including my pension?

A Although benefits such as Childcare Vouchers, are provided through salary sacrifice, any other rights based on salary will remain unaffected and will be based on your 'Notional Salary' (ie. your salary before salary sacrifice deductions).

Q If I don't opt in, when do I have the next opportunity to join?

A If you do not opt in during the election period, you will have to wait until the next annual enrolment (typically in June each year) to select your benefits, unless you have a life event.

Q Will my benefit simply continue if I don't do anything?

A Your current benefits will all be reset to zero (ie. no benefits selected). If you want your benefits to continue you will need to ensure that you notify HR accordingly using the agreed form.

Q **How does the Retail Voucher Scheme work?**

A Retail Vouchers provide discounts in a variety of UK retail outlets including, Marks and Spencer, Sainsburys etc. Vouchers are available in denominations of £10 for each specified outlet but you only have to pay the discounted rate, eg. a £10 voucher for Argos would only cost you £9.60 as a deduction from your salary (based on a discount of 4%).

At the start of the benefit year(01September) you will be issued with one card per retailer. The card will then be loaded remotely each month with the amount that you have selected to purchase.

Q **What happens if I leave?**

A If you leave New College Durham all benefit entitlements and cover will cease on the date of termination. However some benefits may have been taken before you leave and if this occurs the company will deduct any outstanding amount from your final salary.

Life events

You will be able to modify certain benefits during the newchoices scheme year if you experience a 'Life Event'.

A 'Life Event' is the term used to describe a significant event in your home or work life. Such events would include marriage, the birth of a child, promotion or military mobilisation. The benefits you are able to change as a result of a Life Event are dependent on the specific event.*

If you experience one of the following Life Events and you wish to make changes to your newchoices, please contact the HR department via email at human.resources@newdur.ac.uk.

Once confirmed, an election period will be opened for you to amend your benefits on the 1st of the following month. Any changes you make will take effect from the 1st of the month thereafter.

Examples of Life Events

Marriage/Civil partnership
Divorce/Legal separation
Becoming pregnant
Death of child
Birth/adoption of a child

Death of spouse/partner
Promotion/demotion
Child passes eligibility age for a benefit
Moving home
Military Mobilisation

** The amount of change you can make will vary dependent on the life event and the rules of each benefit provider*

New employees

All new employees to the College will automatically gain access to newchoices. New employees will be able to enrol from the 1st of the month following their start date (where practicable). They will then have two weeks to submit their benefit selection in time for their benefits to become effective on the 1st of the following month.

Benefits will remain fixed until the next annual enrolment. Due to contractual agreements with benefit providers, some of the benefits may be unavailable to all employees all year round.
