Person Specification
Technology Delivery Lead

Newcastle
City Council

Part A
The following criteria (experience, skills and qualifications) will be used to short-list at the application stage:

Essential
Able to:
- Demonstrate an ability to plan, manage and lead the delivery of projects to deliver agreed outcomes
- Demonstrate an ability to lead an operational team, delivering against a range of KPI's, competing priorities and objectives.
- Develop business cases and lead procurement exercises to support the delivery of project and operational activities aligned to strategic aims and best practice.
- Deliver required outcomes and outputs within timescale and budget in accordance with service definitions and standards.
- Demonstrate a proven track record of developing and maintaining positive working relationships with suppliers, colleagues and stakeholders, using a range of written, oral and presentation skills.
- Demonstrate an understanding of service standards, policies and compliance in delivering ICT services in a large complex organisation.
- Lead, develop and manage a multi-skilled team using a range of coaching and mentoring skills to deliver successful outcomes.
- Demonstrate clear understanding of the practical application of the NCC ICT Security policy.
- Demonstrate an understanding of the principles of the Local Digital Declaration and the Technology Code of Practice
- Understanding of the Council's equality policy, applying this in the workplace and the effect on delivery of services to customers.

Experience of:
- Leading the delivery of an operational ICT area or ICT projects to agreed service levels, quality and timescales.
- Assessment and management of ICT related risks in an operational area or project.

Desirable
- Experience of delivering projects and/or working in a way consistent with the Local Digital Declaration and Technology Code of Practice
