Dear Applicant,

Thank you for your interest in our school. We are looking for class teachers who believe that ALL children deserve a first class education, and who will go the extra mile for our pupils.

We are a larger than average 2 form entry Primary school in the West End of Newcastle. We serve an extremely diverse community and are very proud of our inclusive, supportive culture. Excellent teaching and learning is at the centre of everything we do, and our staff are highly skilled, always looking for ways to improve their practice. We currently have approximately 450 children on roll, the vast majority of whom speak English as an additional language.

In order to give these children the best start to their education, we have lots of Teaching Assistants and small teaching to groups to ensure every child really does get precisely what they need to progress. In 2018, we were placed in the 2% of school nationally for progress. Our staff are happy and motivated and eager to develop themselves and go the extra mile. Our Senior Leaders play a very important role in school; supporting and empowering other staff, while remaining excellent role models.
