Teacher of Technologies
MPS/UPS as appropriate
Commencing at the latest Easter 2024

The school is looking to appoint an enthusiastic and committed teacher to join our Technologies department. The successful candidate must demonstrate excellence through high quality teaching and learning.

The department currently offers Design and Technology, Engineering, Hospitality and Catering, and Construction at Key Stage 4. The appointed person should be willing to deliver all areas of Technology Curriculum.

The school is fully committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share in this commitment. As part of our due diligence and to comply with our obligations in line with Keeping Children Safe in Education, an online search of publicly available information will be undertaken for all shortlisted candidates. All School posts are exempt from the Rehabilitation of Offenders Act 1974 and therefore applicants will be subject to appropriate background checks and vetting including an enhanced DBS check and checks against the children's barred list.

Application form, job description and person specification are available on-line at www.kepier.com. Application forms (please do not attach additional letters or statements) should be returned to recruitment@kepier.com no later than 12 pm on Wednesday 22nd November 2023. We aim to interview the following week.

We fully appreciate the time and effort required in completing an application and, whatever the outcome of this particular process, we are grateful for your interest in working at Kepier and wish you every success with your future career. Applicants who have not been contacted within 2 weeks of the closing date should assume they have been unsuccessful.
