A Message from the Business Manager

Hello and thank you for considering joining the Teeswide Safeguarding Adults Board (TSAB) Business Unit.

This isn't just a job - it's a chance to make a real difference to people's lives. Every Safeguarding Adults Review (SAR) we undertake is about learning, improving and ensuring that adults at risk are safer and better supported. Your role will be at the heart of that mission.

You'll be working in a fab team who all look out and genuinely care for each other; real professionals who are passionate about collaboration, respect and and doing the right thing for those who need us most. We know this work can be challenging but it's also deeply rewarding. We'll support you every step of the way, with flexibility, wellbeing resources and opportunities to grow.

If you share our commitment to compassion, learning and making a positive difference, we'd very much like to hear from you!

Some thoughts from Teeswide Safeguarding Adults Board (TSAB) Business Unit.

I applied for the fixed-term maternity cover 'Project Officer' role within the Teeswide Safeguarding Adults Board (TSAB) Business Unit as I saw it as a valuable opportunity for learning and career development and it has exceeded my expectations. The role has been incredibly rewarding , offering the chance to step into a strategic safeguarding position, make a real impact and develop new skills in a fast paced environment. It has broadened my knowledge, strengthened my adaptability, and provided excellent networking opportunities with a wide range of services, opening doors to potential future roles with the Council. If you are looking for a new challenge in a supportive team then the TSAB's Business Unit is an excellent choice.

More about the TSAB: Make a difference where it matters most

Every day the Business Unit Team works to protect the most vulnerable adults across Hartlepool, Middlesbrough, Redcar & Cleveland, and Stockton-on-Tees. This isn't just a role—it's a chance to shape safer communities and empower people to live free from harm.

At TSAB, collaboration is at the heart of everything we do. You'll work alongside councils, health services, police, and voluntary organisations in a dynamic, multi-agency environment where your voice matters. We champion curiosity, challenge assumptions, and drive innovation—because safeguarding is everyone's business. Every voice matters here—whether you're coordinating reviews, hosting learning events, or helping embed best practice. You'll be supported by colleagues who challenge constructively, share knowledge openly, and celebrate innovation.

Our values guide us: **Making Safeguarding Personal**, **Think Family**, and **Prevention First**. We believe in person-centred outcomes, early intervention, and collective responsibility. Here, you'll have access to specialist training, flexibility, opportunities to influence policy, and the chance to lead campaigns that change lives

The Team is based at **Stockton-on-Tees Borough Council's new riverside offices**, a modern, state-of-the-art facility offering:

- Free parking
- A riverside café
- Spacious, collaborative workspaces

This co-location supports integrated working with partners such as:

- Cleveland Police
- North East & North Cumbria Integrated Care Board
- Hartlepool Borough Council, Middlesbrough Council, Redcar & Cleveland Borough Council
- Health services (Tees, Esk and Wear Valley, North Tees & South Tees NHS Trusts)
