

Dear Colleague,

Thank you for your interest in joining Stockton-on-Tees Borough Council as our Principal Educational Psychologist.

Whether you are an experienced Educational Psychologist seeking a new challenge or are looking for a service where your skills, expertise and values can truly make a difference, we hope you will consider becoming part of our team.

At Stockton-on-Tees, we are ambitious for our children, young people and families. We believe every child deserves the opportunity to thrive, achieve and feel valued within their community. Our Educational Psychology Service plays a vital role in helping to make this ambition a reality through collaborative, innovative and impactful practice.

We are proud of our strong relationships with schools, settings, families and partner agencies. Our Educational Psychologists are highly regarded and have opportunities to contribute across a broad range of work, from early intervention and inclusion to strategic developments that improve outcomes for children and young people across the borough.

What makes Stockton-on-Tees special is our commitment to both the people we serve and the people who work here. We recognise that Educational Psychologists do their best work when they feel supported, trusted and valued. We offer a collaborative team culture, high-quality professional supervision, opportunities for continued professional development and a genuine commitment to maintaining a healthy work-life balance.

As part of our service, you will have the opportunity to shape practice, bring forward new ideas and contribute to the ongoing development of a forward-thinking and solution-focused team. Most importantly, you will join colleagues who are passionate about improving the lives of children, young people and families.

If you share our commitment to inclusion, participation and achievement, we would be delighted to hear from you.

We look forward to receiving your application and hopefully welcoming you to Stockton-on-Tees. Thanks for your interest,

Yours faithfully,

Edwin Squire

Assistant Director, Education, Inclusion and Achievement
Stockton-on-Tees Borough Council
