Contract Manager – Waste Strategy

Person Specification

We will use these criteria to assess your suitability for the job.

Essential

1. Track record of managing high value and / or contracts with significant public interest.
2. Experience of the procurement of contracts, including participating in the writing of contract specifications, engaging with the market, and evaluating and awarding contracts.
3. Experience of managing and motivating staff to achieve organisational objectives and service targets.
4. Committed to a cooperative management style.
5. Demonstrated ability to take initiative in decision making to solve problems within tight deadlines in a highly political environment.
6. Ability to challenge and persuade others to the benefits of different ways of working.
7. Personal and professional credibility with stakeholders including colleagues, partners and contractors that inspire confidence.
8. Experience of budget management.
9. Excellent written and oral communication, and presentation of technical, statistical, and financial information to a diverse range of audiences.

10. Good knowledge of environmental issues facing local authorities at a local, regional, and national level.
11. The ability to develop and implement Contract Management information systems.
