Centurion Multi Academy Trust is looking for a self motivated Management Accountant to join our central team and help our schools make the best possible use of their resources. This is a newly created and exciting senior role within the Central Finance Team. Reporting to the Chief Financial Operating Officer, the Management Accountant will play a pivotal role in shaping and strengthening finance operations across the Trust. You will produce and interpret monthly management accounts, support budgets and forecasts, strengthen financial controls and work directly with school leaders as a trusted finance partner.

We are looking for someone with strong management accounting fundamentals, confident Excel and systems skills, excellent attention to detail and the ability to explain finance clearly to non finance colleagues. Experience in education finance is essential.

Centurion is a friendly and supportive family of five primary schools across North Tyneside. You will join a collaborative central team where colleagues work closely together and where your ideas, expertise and professional development will be valued. Our vision is Leading Learning, Leading Ambition and Leading Success, and our financial strategy is focused on strong stewardship, financial sustainability and achieving the best possible value for our schools and pupils.

We would be delighted to hear from prospective applicants and warmly welcome an informal conversation or visit to find out more about the role, our central team and working at Centurion.

We reserve the right to close the advert early should an exceptional candidate come forward.
